

HC-130 Night Vision Compatible Aircraft Lighting (NCALS)(Pearce)

DESCRIPTION OF EFFORT

Modifies 9 AFRC HC-130 aircraft with Night Vision compatible lighting. Includes the cockpit, cargo compartment, and exterior lighting

Program Assessment:
Red

ISSUES

- Flight testing continued 12-17 Apr. Eaton Glass failed daylight readability, cross cockpit viewing, and lighting balance
- Contractor has been directed by the Government to go to Apache open ring bezels vs the Eaton glass.

ACTION ITEMS

- .Awaiting schedule from EER for bezel delivery.
- Flight testing will be completed after bezel installation
